Greetings!

Maplecrest Vineyard Church in Winnipeg is seeking a half-time to full-time associate or assistant pastor with pastoral experience to join our staff. This individual should be flexible in working with the community, young adults, and youth.

About Maplecrest Vineyard Church:

Maplecrest Vineyard Church is located in Winnipeg, Manitoba. We are located in a suburb in the South of the city and we currently meet in the gym of a nursery school, which has proven itself to be a space well-suited for families. Our church has been growing significantly over the past year and we very recently became a vineyard. We currently have a congregation of approximately 40-50 people of various ages and nationalities.

Responsibilities:

The responsibilities of this position will be negotiated, but will focus on community, young adult, and youth. Some of these tasks will include gathering people, organizing house groups, and organizing events for young adult and youth. Having a positive, encouraging, and supportive presence in Sunday morning gatherings with the ability to solve problems that may arise will also be important. Having experience in pastoral ministry and post-graduate training is preferable. This position may include some teaching, but is primarily a position to encourage and create community.

Key Values and Practices:

At Maplecrest Vineyard Church, God has been speaking to us about being family to each other and being part of a family, which was one of the main reasons for joining the Vineyard. We also have a value for outreach and have a missionary working in the inner-city and we have a ministry called Spirit Room, which is a prayer/prophetic outreach to people in the New Age.

If you have a heart for creating family, a desire to reach out to the community, and a willingness to work in a position that requires flexibility and creativity, please send your resume to us at Maplecrest Vineyard Church. We look forward to hearing from you.
